Objective: Detail-oriented Data Analytics student seeking a challenging internship position to apply and enhance my skills in data analysis, statistical modeling, and data visualization. Eager to contribute my academic knowledge and passion for extracting actionable insights from complex datasets in a real-world, hands-on environment.

Education:

State University of New York at Geneseo

Anticipated December 2025

School of Business AACSB Accredited

Bachelor of Science in Data Analytics (Cumulative GPA: 3.22)

Honors & Achievements: National Society of Leadership & Success (April 2024)

Professional Licenses & Certifications:

Accenture North America Data Analytics and Visualization Job Simulation on Forage

October 2024

- Completed simulation focused on advising a hypothetical social media client as a Data Analyst at Accenture.
- Cleaned, modeled and analyzed 7 datasets to uncover insights into content trends to inform strategic decisions.
- Prepared a PowerPoint deck and video presentation to communicate key insights for the client and internal stakeholders.

PwC Switzerland Power BI Job Simulation on Forage

November 2024

- Demonstrated expertise in data visualization through the creation of Power BI dashboards that effectively conveyed KPIs, showcasing the ability to respond to client requests with well-designed solutions.
- Exhibited strong communication skills reflected in concise and informative email communication with engagement partners, delivering valuable insights and actionable suggestions based on data analysis.
- Leveraged analytical problem-solving skills to examine HR data, particularly focusing on gender-related KPIs, and identified root causes for gender balance issues at the executive management level, highlighting a commitment to data-driven decision-making.

Work Experience:

United States Army National Guard – Geneseo, New York – *Infantry Soldier*

July 2020 - Current

My experience in the U.S. Army has allowed me to cultivate strong leadership and teamwork skills through rigorous training and operational deployments. The military has also enabled me to acquire proficiency in strategic planning, adaptability, resilience, and problem-solving in high-pressure situations.

- Completed the 40-hour Combat Lifesaver Certification (May 2023) learning many lifesaving skills, such as trauma, hemorrhage, and airway management and casualty evacuation techniques. Applied in a culminating event requiring me to stabilize injuries and provide first aid in a real-time, high-pressure simulation.
- Graduated from the U.S. Army Airborne School (July 2021) and developed skills in static-line parachuting, airborne operation, and equipment rigging. Conducted parachute jumps in a wide variety of environmental conditions, demonstrating attention to precision, safety, and situational awareness, both day and night.
- Deployed to Eastern Africa for the Global War on Terror as a security and quick reaction force member (QRF) for a Forward Operating Base in the U.S. military. Gained diverse experience in base defense, threat assessment, and rapid response to possible threats against the safety and security of personnel and assets.

Tambe Electric Inc. – Rochester, New York - *Low Voltage Electrician*

Sept. 2018- August 2020

- Worked full-time (40+ hours per week) while also balancing part-time education beginning in early 2020.
- Collaborated within a team to install and maintain low-voltage systems for communication, security, and audio-visual systems in commercial and residential buildings.
- Demonstrated problem solving and technical expertise in wiring configuration to ensure reliable low-voltage solutions, in particular addressing challenges in the placement and installation of wiring.
- Earned increasing responsibilities and independence as trust in my capabilities grew.
